CLOSES

## FOCUSED AREAS

- Biological soft matter
- Bio-inspired materials
- Colloids and interface
- Dynamics of complex fluids
- Drug design and delivery
- Functional and nanomaterials
- Gels and hydrogels
- Liquid crystals
- Materials for energy applications
- Membranes
- Nano and microfluidics
- Nanocomposites and hybrid materials
- Polymers
- Self-Assembly
- Self propelled particles
- Soft magnetic materials
- Soft nanofabrication
- Surfactants & lipids

Dear Colleagues,

We are pleased to announce the third series of International Conference on Soft Materials (ICSM 2018). On behalf of organizing committee, we are delighted to invite scientists, academicians, young researchers and students from all over the world to attend the ICSM 2018 in Pink City Jaipur during Dec. 9-14, 2018. The last two successive meetings in 2014 and 2016 have provided an effective platform to the experts, faculty and students. We are again putting our efforts to bring together, once again, a multi-disciplinary group of scientists from all over the world to promote and enhance recent achievements in the field of soft materials.

Looking forward for a professionally exhilarating and socially enjoyable another excellent event in Jaipur.

A heartily welcome!!

Dr. Kamalendra Awasthi

On behalf of Organizing Committee

E-mail: kawasthi.phy@mnit.ac.in, icsm@smrsoi.org

## AWARDS

Soft Material Research Society is please to announce the following awards for outstanding individuals to encourage and support:

- Student Presentation Awards
- Student Fellowship Awards
- Young Scientist Awards
- Life Time Achievement Award
